

Dress Code and Warmer Weather

With the change of weather for the better, there also comes a change in the clothing worn by students. The school would like to remind both students and parents that proper clothing and footwear should be worn at all times while attending Monck Public School. All students are expected to dress in a neat manner, which indicates a respect for the business of education and the tastes of others. When purchasing school clothing for your children please endeavour to buy clothing that will support this expectation.

Are You Dressed for Successful Learning?

Our school is a public institution and we encourage students to dress within the expectations of our community standards. Learning the fundamentals of proper dress at an early age will provide the student with a valuable life-style habit. Dressing appropriately for a variety of situations shows that a student has a high degree of self respect and respect for others

Administration will make final decisions regarding appropriate dress. Students that need to change clothing may i) change, if they have extra clothing at school ii) wear a school uniform (provided) over the clothing or iii) call home to have a change of clothing brought to the school.

Thank you for your cooperation,
Monck Staff
